### Economics Help | Chegg.com

In any given market, prices are formed by a variety of factors, and just like the question of the microeconomic foundation of inflation, there's no true answer to its origins, though one explanation posits that each seller in a market forms a price depending on probabilities within the market which in turn depends on the probabilities of other sellers, meaning that prices are determined by how these sellers interact with one another and their consumers.

### The 3 Key Economic Questions.doc - Google Docs
